

Partner with MassPay

Unlock Global Payout Orchestration for Your Platform

MassPay empowers organizations to seamlessly integrate industry-leading payout capabilities into their platforms through our flexible API and SDK solutions. As a trusted global payment provider, MassPay delivers the tools, infrastructure, and expertise needed to offer fast, secure, and scalable payouts to your customers, across 238+ countries and markets with support for 70+ currencies. With MassPay, our partners can drive new revenue opportunities while enhancing the value they provide to their clients.

Seamless Integration for Your Platform

MassPay's API and SDKs enable partners to quickly integrate global payout functionality into their platforms with minimal development effort. Our robust developer resources, including detailed documentation, sandbox environments, and real-time support, ensure a smooth integration process from start to finish.

By integrating MassPay's capabilities, you can offer your customers access to a world-class payout orchestration platform that delivers:

Instant payouts to multiple payment rails (ACH, pre-paid cards, digital wallets, APMs, and cash pickup)

Payouts across **238+ countries and markets**

Support for **70+ currencies**

Optional **KYC / ID Verification and Tax Management** solutions for compliance and operational efficiency

Drive New Recurring Revenue Streams

Partnering with MassPay isn't just about providing enhanced services—it's also about unlocking new revenue opportunities. By incorporating MassPay's payout capabilities into your platform, you can generate net new, recurring revenue streams that contribute meaningfully to both your top and bottom lines. Here's how partnering with MassPay can drive financial growth for your business:

Revenue Sharing:

Earn revenue by offering payout services to your customers, with flexible models that fit your business strategy.

New Product Offering:

Expand your platform's value proposition by offering global payout capabilities as a core or premium service.

Customer Retention:

Increase customer satisfaction and retention by providing an all-in-one payout solution that meets their needs, reducing churn.

Cross-Sell Opportunities:

Combine MassPay's payout functionality with your existing offerings to create integrated solutions that drive more revenue per customer.

As a **MassPay partner**, you benefit from a scalable business model that delivers consistent, predictable revenue as your customers grow.

Payout Solutions for Every Industry

MassPay's API and SDKs provide the flexibility to serve a wide range of industries. Our partners enable seamless payouts for customers in industries such as:

Social Gaming: Facilitate payouts to players, developers, and partners across the gaming ecosystem.

Marketplaces: Streamline multi-party payments for buyers, sellers, and service providers.

Affiliate Marketing: Enable efficient, real-time payments to affiliates.

Gig / Contractors: Offer reliable payment options for gig workers, freelancers, and independent contractors.

Creators & Influencers: Support content creators and influencers with fast, secure payouts.

Restaurants / Hospitality: Provide instant payouts for tips and earned wages, enhancing employee satisfaction.

Consignment & Retail: Simplify commission-based payouts in consignment and retail environments.

Software Development: Pay global development teams with ease, ensuring smooth operations for distributed teams.

Direct Selling / MLM: Empower direct sellers and MLM participants with timely, secure payouts.
