

Global Payout Orchestration: Simplified

Executing global payouts is complicated. MassPay makes it easy. Our Global Payout Orchestration Platform is a SaaS solution enabling you to facilitate cross border payouts to over 238 countries in 70+ currencies - with a single KYB process and via a single API.

Key Features & Capabilities

Global Payouts, Local Preferences

Pay in over 238 countries and 70+ currencies, including crypto, with support for local payout methods based on your payee's preferences.

Intelligent Global Routing

Our advanced algorithms route transactions to their destinations with backup options, ensuring your payees receive their money on time, in their local currency.

A Single KYB Process

Our one-time Know Your Business (KYB) process simplifies your process for accessing global payout capabilities.

A Single API

Integrate MassPay's capabilities into your existing environment with just one API, or use our white label portal for immediate platform access.

Transparent Pricing

Our pricing is simple, clear, and easy to understand with no hidden fees.

Comprehensive Real-Time Reporting

Get real-time visibility on your payout operations with our comprehensive reporting.

24x7x365 Support

Our support team is available at all times to help with any questions or concerns. No phone trees or automated support.

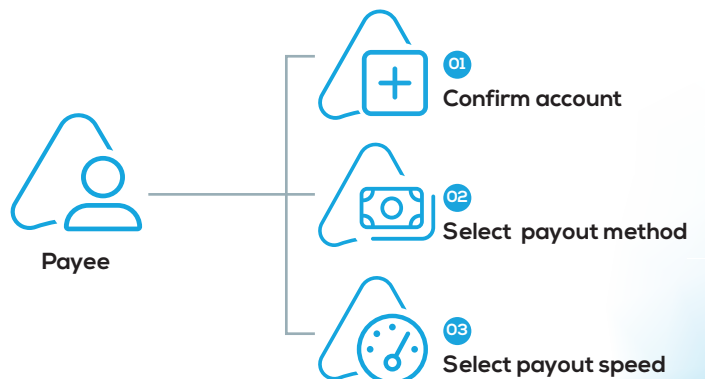

Unmatched Partner Network

We partner with the top financial institutions and technology providers to make global payouts easy.

Streamlined Payee Experiences

Offer your payees an unmatched payout experience. It starts with a simple confirmation of their account. They select their desired payout method and the speed / timing of payouts that best suit their needs. You provide a seamless experience that lets your brand shine.

Global Partners

We partner with the biggest names in technology and financial services to deliver you and your payees a frictionless global payout experience. Our SaaS platform delivers multiple, fully redundant paths to serve your payees no matter where in the world they're located. Our partners help make this seamless experience a reality.
